Color Edge BONDING RECONSTRUCTOR

Safety Data Sheet

Manufacture:
CASSISEVAN, Inc.
6409 Gayhart St., Commerce, CA 90040
T: (323) 201-6280

HAZARDOUS INGREDIENTS

Classification of the mixture: the product is a **non-hazardous mixture**, classification into physical, health and environmental hazard classes is not required. The product has been assessed for safety according to Article 10 of Reg. (EC) No 1223/2009 on cosmetic products and is considered safe when used under normal or reasonably foreseeable conditions of use.

WARNINGS: Do not get into eyes. In case of contact, rinse thoroughly with water.

Other Hazards: The mixture contains CYCLOTETRASILOXANE which is identified as PBT/vPvB (persistent, bio accumulative and toxic (PBT)/very persistent, very bio accumulative (vPvB)) substance and CYCLOPENTASILOXANE which is identified as a vPvB substance according to the criteria laid down in Annex XIII of Regulation (EC) No 1907/2006 (Reg. REACH). Based on the PBT/vPvB assessment CYCLOTETRASILOXANE (D4) and CYCLOPENTASILOXANE (D5) shall not be placed on the market in wash-off cosmetic products at concentrations equal to or higher than 0.1% by weight; see Reg. (EU) No 2024/1328 amending Annex XVII of Reg. REACH. The concentration of D4 and D5 in the product is much lower than the permitted concentration. The ingredients of the product are not listed in endocrine disruptor databases, however CYCLOTETRASILOXANE (D4) and CYCLOPENTASILOXANE (D5) are currently under evaluation for endocrine disruption in the EU legislative process.

Ingredients: Aqua, Cetearyl Alcohol, Cetrimonium Chloride, Parfum, Hydrolyzed Milk Protein, Hydrolyzed Keratin, Dimethiconol, Citric Acid, Cyclopentasiloxane, Cyclotetrasiloxane, Methylchloroisothiazolinone Methylisothiazolinone

The product is fully compliant with the Reg. (EC) No 1223/2009 on cosmetic products.

EMERGENCY & FIRST AID PROCEDURES

In case of doubt or if symptoms persist, always call a doctor.
When consulting a physician or Poison Control Centre, show the packaging or label if possible.

EYE CONTACT: Flush eyes thoroughly with large amount of lukewarm water for at least 5 minutes while holding the eyelids wide open and moving the eyeballs. Remove contact lenses if easy to do it. If irritation occurs, contact physician for advice.

SKIN CONTACT: In case of discomfort, wash the skin immediately with water.

INHALATION: Irrelevant exposure, not a real risk situation due to the low vapor pressure of the product; inhalation hazard is not expected.

INGESTION: If swallowed in large quantities, seek medical advice immediately and show the container or label. Do NOT induce vomiting without medical advice. Never give anything by mouth to an unconscious person.

Most important symptoms and effect, both acute and delayed: may cause mild transient eye irritation. Ingestion may cause gastrointestinal irritation, nausea, diarrhea.

Indication of any immediate medical attention and special treatment needed: not relevant/ treat symptomatically.

EMERGENCY: +36 1476 64 64 or dial 911
